

8TH GENERAL MEETING
HELSINKI, 23 NOVEMBER 2006

PROGRAMME

This year's theme is the role of business community in building the common economic space and shaping the future economic and business relationships between EU and Russia after the expiration of the current Partnership and Cooperation Agreement (PCA).

The Round Table is based on the work of various Task Forces, whose meetings will start the day. This will be followed by plenary sessions in the afternoon, featuring figures from business and government, and culminating with a 'Discussion Forum'. See below for the timetable of the Industrialists' Round Table 2006.
